

Report: IChE Orientation Program

The IChE Student Chapter of the Department of Chemical Engineering successfully hosted its Orientation Program for first-year students on 15th October 2025. The event took place at the New Auditorium from 2:20 PM onwards. The session aimed at introducing students to the activities, culture, and opportunities offered by the chapter, serving as a platform for new students to learn about IChE's objectives and the professional growth it fosters.

Introduction to IChE

The orientation began with a welcome address, followed by an introduction to the Indian Institute of Chemical Engineers. Students were familiarized with IChE's purpose, its national presence, its role in connecting students with industry experts, and the overall benefits of being part of a technical chapter.

Mission and Vision

The mission and vision of IChE were briefly explained, focusing on:

- Encouraging technical advancement and professional development among Chemical Engineering students.
- Creating a vibrant platform for innovation, collaboration, and leadership.
- Building strong links between academia and industry to enhance learning beyond classrooms.

Overview of Previous Events

The first-year students were given a walkthrough of the major events organized by IChE in recent years, including:

- ChemTechnova 2023 & 2025
- IndAWorkshop 2023
- IndaCon 2025
- ChEureka

Meet the Team

Students were introduced to the faculty coordinator and all the team members of the IChE chapter. Each member shared their responsibilities and encouraged the new batch to participate actively.

Interactive Quizzes and Games

Fun quizzes and games related to IChE, chemical engineering concepts, and industry trivia were conducted. Winners were rewarded with prizes.

Future Events and Roadmap

Upcoming plans include:

- ChemTechnova 2026
- Collaborations with other IChE student chapters like BITS Pilani, CSJMU, and more.
