

The projector screen displays a presentation slide with the following content:

Next-Gen AI Applications Across Industries

- Content Creation**
Personalized video generation at scale for marketing campaigns, educational content, and corporate training.
- Autonomous Systems**
Autonomous vehicles and robots powered by AI with "world models" that learn and adapt like human infants.

The slide also features a central image of a person sitting at a desk in a futuristic, dimly lit room with a large screen displaying a landscape.
