“ISSPA Training Program”

Date: 10th-15th Nov 2025

Resource: **PACT & ISSPA**

Participants: UG & PG students & Faculty members

Organised By: **Department of Paint Technology, HBTU Kanpur**

The Department of Paint Technology, HBTU Kanpur, in collaboration with the **Indian Small Scale Paint Association (ISSPA)** and **Paint and Coating Technologists' Association (PACT)**, successfully conducted a **week-long National Training Program** from **10–15 November 2025** at the newly established *Centre of Technical Excellence*.

ONE WEEK TRAINING PROGRAM ON 'FORMULATION & MANUFACTURING OF DECORATIVE & INDUSTRIAL PAINTS'

10-15 NOVEMBER 2025

ORGANIZED BY ISSPA, PACT AND DEPARTMENT OF PAINT TECHNOLOGY, HBTU KANPUR

Participants immersed themselves in hands-on sessions and expert lectures covering:

- **Decorative, Water-Based & Solvent-Based Coatings**
- **Industrial Paint Formulations & Manufacturing Practices**
- **Resin Chemistry, Pigment & Additive Technology**

- **Troubleshooting in Production**
- **Quality Testing & Performance Evaluation**

The sessions were led by distinguished faculty members: **Dr Arun Maithani, Dr Pramod Kumar, Prof. Pramod K. Kamani, Dr Radha Sachan, and Dr Durgesh K. Soni**, whose expertise ensured a rich learning experience.

This training program not only enhanced technical knowledge but also strengthened the **spirit of academia–industry partnership**. With its strong commitment to **innovation, sustainability, and skill development**, the Department of Paint Technology continues to contribute meaningfully to India’s journey toward **self-reliance and sustainable industrial growth**.

The announcement of the **next training program dedicated to skill enhancement of painters and field-level technicians** marks another step in empowering the workforce and expanding the reach of technical excellence.

In essence, the program was more than training—it was a celebration of knowledge, collaboration, and the shared vision of building a sustainable future for the coatings industry.
