No suggestions

Very good

Thanks

Hostel Condition is very poor, can't provide basic food well

A complete chngement in the process and actions is need of the hour before its too late ...!

No any suggestions it's very good college but something missing in infrastructure...

Few improvements are required

No field exposure, No technical workshops , No new upcoming technologies were discussed, No research work is done by the professors, PhD scholars works as assistant of professor, & Very high fees,

The infrastructure needs to be good, the girls washroom aren't good in maintainance, and teaching staffs needs to be helpful.

Very good experience

Best education ever

University infrastructure of hostel and university are in very bad condition please look in to it

Please do active work .

Institute is not developing even after so much of money bieng granted to university many things are not available also if one goes and visit electrical machine lab it is very old same for microprocessors

The college facilities are quite good and teachers are helpful and help us in every possible way....

That's fine still now no any issues

University curriculum is old and does not comply with the current market needs

well deserving college but students not know the value of college

Best college and Teacher's

Nice teaching

Quality learning and quality work output.

Everything is fine

No platform for grievance redressal. No one even care for complain. Just we are asked to move from one place to another in the search of signatures. I have applied for hostel refund in my first semester and this is my last semester, zero redressal policy.

I'm glad to persue my under graduation education from this university..best of all Time

Rigidity in the Attendance criteria is an emerging issue in the university because mandatory attendance obstructs the students to incline the career towards their goal & passion + Nowadays, conventional lecture knowledge are also of neither much use nor asked in the placement interviews by the recruiting firm. So the University need to reconsider these issues once again.

Really good college

Very bad placements no efforts by college in maintaing placements for branch , try to make

better placements in branch

Everything is here full on politics and many other issues in My college

Great college

Not satisfied

Promote more industrial visits to get real-world exposure.

Please improve the quality of opportunities

Everything is good,teachers can approach students for their doubts more oftenly

GOOD

No industry knowledge is provided and they do not support us for extracurricular activities and other colleges events and hackathon

No Suggestions.

Improvement Exam should be implemented. CGPA Should be percentile based instead of percentage. Teachers of certain branch tend to give low grades to satisfy their egos

It would be better if the university adopts relative marking for evaluation rather than absolute marking which is followed

A very good institute to study various courses with great opportunities

Improvement needed

..

No comment

Teacher

Nice experience , learnt so many things during college and grab my job too.

Xxxxcc

It is great learning at hbtu. It is one of the finest Institutes

No Comment

I would like to suggest that the university should launch some course works for PhD Humanities scholars hence they can complete their credit points easily.

I really learned a lot this semester and I would like to thank all my teachers for that.

At regular day of teaching, institute should provide regular feedback system for faculty and students so that student and teacher both could know the their weakness in teaching-learning process in the class on the regular basis. Institution buildings, infrastructure and labs should be updated to meet real world industry problem.

Things are Acceptable

Overall nice experience

no comment

great

Everything is good. The teachers are very disciplined and talented and help us a lot

Teachers are good, Teaching method is also good , Good placement records etc..but sports facility is not good

The teaching is average and the living conditions are harsh in hostels

No any suggestions

Good college

It's a good college but not excellent

Therre is always space and scope to do things better in any area.

It is was it is!!!

Best college with a strong alumnis

Sports facilities are not upto the mark

Satisfied with my Respected Professors.

Professional Communication should be a mandatory subject in each semester to ensure students develop effective communication skills.

Need huge improvement.

Very good college with great academic and extracurricular activities
